Since 2004, with the help of our family of employees, Environmental Remedies, Inc. has completed thousands of asbestos, lead and mold abatement projects throughout the San Francisco Bay Area establishing ourselves as the premier abatement firm in Northern California.

With our recent expansion into Southern California, ERI now provide San Diego county as well as the San Francisco Bay Area with a “best-in-class” option for their hazardous material abatement needs. ERI aims to fill the void statewide for customers seeking an honest, high-quality contractor in this unique trade.
