HouseMaster is a one-stop solution to sort all your home needs ranging from construction to maintenance, professionally and conveniently. For over 10 years, House Masters has offered an innovative and professional approach to home renovations. From kitchens and baths to whole house projects, we can transform any room in your home. Our goal is to become the largest managed marketplace for construction and renovation. We will do this through a strong in-house team of architects, designers, project managers and relationship managers with over years of combined experience in the construction industry and our strong technological foundation which will digitize the entire workflow from booking experience, design phase, documentation, project execution, quality checks, payment flow, and final handover.
