Based in Miami, Florida, Salsa Kings train and recruit dancers and dance entrepreneurs from around the world. Along with offering first-rate dance instruction, we organize unforgettable dance events and shows and provide premium quality dance supplies. We aim to create more dance-related income opportunities. Towards these ends, our services include private dancing lessons, group Salsa classes, and wedding/birthday <http://weddingscompass.net/what-makes-the-wedding-dance-lessons-extremely-popular/> dance choreography. You can hire us for Latin dance showcases, Salsa/Bachata meetups, and event production. Additionally, you can call us up for professional showcases, Hora Loca, and themed costume event crowd animation. We have over 20 years of dance study experience and know how to bring about real results on the dance floor. For Latin style dance classes, we offer an intro class that is open to beginners of all ages. In our partner work class, you will learn how to dance together with a partner. You can participate with your family to explore Latin rhythms with our club lessons, and your kids will enjoy a disciplined dance environment that focuses on character development and team building activities with our classes for kids. For younger kids, we have minis lessons with a play, laugh, and grow objective. We also offer date night dance classes. If you are unable to attend in person, you can get fully interactive dance instruction with us online. From the comfort of your home, you can even take one-on-one virtual private lessons with our expert Latin dance instructors. There is only a one-time fee for our comprehensive online courses. To know more about our Latin dance lessons, dance choreography, dance showcases, and crowd animation events, please visit <https://salsakings.com/hire/> & <https://salsakings.com/shop/>.
