Weekly auctions featuring a range of new and second hand household items including furniture, books, white goods and electronics. Abbeys has been the preferred auction house for The State Trustees of Victoria for more than 3 decades and is the ideal choice for clearing out deceased estates. They can help declutter the home, throwing out rubbish, recycling goods and selling remaining items which can put money back in your pocket. As well as weekly sales, the company also holds special auctions every 6 weeks which can be anything from collectables to cameras to even cars. Find a bargain at this great Melbourne institution.
