

Abosn (Dezhou) New Material Co.,Ltd

Address	Mid-east Lingbian Road , Lingcheng District , Dezhou City
Contact Person	Jian qun
Mobile Number	18769467160
Email	junelee0422@gmail.com

Abosn (Dezhou) New Material Co.,Ltd provide the best quality UHMWPE products at the best price in India. UHMW is a multifunctional material with high performance, light weight, durability and economic efficiency. UHMW has an excellent combination of properties-excellent wear resistance, excellent impact resistance, non-stick and self-lubricating properties and excellent mechanical properties, even under low temperature conditions. UHMW plates, UHMW rods, UHMWPE pipes and profiles can reduce the noise caused by shock and vibration. It is a self-lubricating material with chemical, corrosion and wear resistance. We provide all SIZE CUTs with or without processing.

Abosn (Dezhou) New material Co., Ltd. is a division of Xinxing Group, establish in 1989. With a total investment of 70 million US Dollars, covering an area of 700,000.00 square feet, with an annual output of 100,000 square meters of environment-friendly temporary hollow road, 50,000 tons of ULTRA-high molecular weight polyethylene (UHMWPE), 50,000 tons of [HIGH-density polyethylene \(HDPE\) and special-profile projects](#), the total construction area of the project is 560,000.00 square feet.
