If you are looking for a sturdy and durable pouch to ensure the freshness and [protection](#) of your products, then aluminum foil bags are perfect for you. Aluminum foil bags are made of smooth, durable aluminum foil and include bottom corner gussets that can be placed upright for better visibility and display.

PRODUCT DESCRIPTION

[Aluminium Foil Bags](#) - High Barrier Durable | Custom Printing & Sizes.

The aluminium foil pouches are made of 3 or 4 layers of highly resistive material, usually with a layer of aluminium foil or metallized film in the middle to prevent the product from coming into contact with sunlight or direct light, which keeps the product on the shelf longer and has higher barrier properties. Such as coffee, tea or some airtight and highly puncture resistant products.

If you are looking for a strong and durable pouch to ensure product freshness and protection, then aluminium foil bags will be perfect for you. aluminium foil pouches are made of smooth and durable aluminium foil and include bottom corner gussets for upright placement for better visibility and display. It can also be resealed thanks to a zipper-lock, and the addition of a heat seal helps protect the contents as well as the freshness of your tasty treats.
