CRAFTSMAN AUTOMATION LIMITED – UNIT III, 123/4,
Sangothipalayam Road, Arasur Post

storage@craftsmanautomation.com

The Automated Storage System from [Craftsman](#) delivers maximum space optimization. The warehouse storage systems are automated, modular, and ergonomic space solutions. For maximum space utilization, the [Automated Storage](#) is automated with cutting-edge technologies and the damage will be reduced by our Automated Storage and Retrieval System, which reduces costs and immediately optimizes storage space. The number of levels and spacing can be adjusted to meet the demands of the user in the highly flexible Automated Storage and Retrieval System. The Automated System is operated by a hand-held remote control that communicates with the controller wirelessly. We manufacture Pallet ASRS, Miniload ASRS and V storages.
