**SmartVisibility** Edutech Pvt. Ltd. is an innovative educational technology company based in India. Launched in July of 2021 by Founder/CEO Sam Maniar and his team, the company primarily focuses on delivering **Online Learning Platforms**, Peer-to-Peer Learning Portal and EdTech Consultation services to help the corporates and professionals in the business world.

SmartVisibility Edutech provides eLearning solutions to not only businesses looking for an onboarding and compliance training platform but also for those looking for a platform to upskill and reskill their employees, in turn ensuring their professional growth. These services are what makes SmartVisibility Edutech the only EdTech solutions provider your organisation will ever need.

With a strong presence in countries like the UK, the UAE, South Africa and India; this EdTech company has been on a quest of discovering solutions for the various problems faced by corporates in their journey of imparting knowledge. This quest is what led to the creation of the corporate learning management system called SmartCorporate LMS. SmartCorporate is an AI-powered, SAAS based, Vernacular LMS developed by SmartVisibility Edutech to help corporates facilitate the growth of their employees by not only delivering learning training and content online, but also tracking employee learning activities and progress online through the integration of a state-of-the-art learning record store. Unlike other employee training platform providers in the market, SmartVisibility Edutech provides LMS solutions that can be customized according to the unique training requirements of every individual customer.

This is what makes SmartVisibility Edutech one of the best **LMS provider** and **educational technology consultation** services company in the market.
