All of our pujas take place in highly sacred spaces in India by Acharyas/pandits who are specifically vetted by us. Authentic South Indian Vedic Pooja Service | Astrology (Advanced Vedic & KP Stellar Astrology), Numerology and Vasthu Shastra Pujas have always been conducted in homes and temples, and India's enlightened spiritual masters have used puja to send long-distance healing as well. In today's age, Bookurpooja has made puja available to the world through video conferencing. While some aspects have to be compromised or replicated in one's own space (e.g. the incense and blessed food or prasad), the energy remains equally potent through webcast, and is now available to worshipers in any part of the world.
