Blue Bells, a pioneer educational institution, has served the cause of child development and education since its inception. Each child who joins the Blue Bells Family is the starting point of his journey to a progressive self discovery of seeking the truth about oneself and the world around. Providing such holistic education was a dream envisioned by our Founder Chairperson Late Shri B.D. Gulati the strongest pillar in the Blue Bells Family and our Director, Dr. Saroj Suman Gulati whose vision and mission has concretized into this chain of institutions.
