Aluminium extension pole, with comfortable spongy

Handle and all kinds of thread like American/Germany/Italy/etc. The surface of aluminum tube is Anodizing, therefore, the telescopic pole has a good anti-corrosion effect, also it looks more textured and full of luster. Its role is multifunctional, people usually use it for household cleaning, such as telescopic pole with duster/cobweb brush/window scraper/light changer/hooks... It is a durable and very reliable extendable pole. The original design of the pipe wall with grooves can prevent the pole from rotating during using. The structural design of the telescoping pole focuses on pursuing simplicity, and all parts are reinforced, so the failure rate of the product is very low.

PRODUCT FEATURES

Lightweight, flexible, durable, extendable, Groove design on

PRODUCT ADVANTAGES
