China Valve Industry Co., Ltd. has been a prominent player in the valve manufacturing sector since its founding in 1989. Located in Fujian, the company operates from a state-of-the-art facility that spans over 200 acres, with a factory building covering 5,300 square meters. The company prides itself on a dedicated workforce of around 500 employees, including 30 skilled technicians, all contributing to its strong reputation for quality and innovation. This reputation is further supported by its technical center and research team, which focus on advancing product development and refining manufacturing processes.

The company offers an extensive range of valves, including **ball valves**, **gate valves**, **safety valves**, **blind flanges**, and **weld neck flanges**. These products are made from high-quality materials such as **forged steel**, **cast steel**, and **cast iron**, all of which are crafted to meet international standards for reliability and performance. With a focus on versatility and precision, China Valve Industry Co., Ltd. ensures that its products can meet the diverse needs of industries worldwide.

China Valve Industry Co., Ltd. is deeply committed to quality and customer satisfaction. This commitment has enabled the company to expand its reach globally, with exports to markets such as **Southeast Asia**, **Canada**, **Germany**, **Italy**, **Australia**, **Pakistan**, and **Singapore**. The company's global presence underscores its dedication to delivering high-quality valves and exceptional service, positioning it as a trusted name in the valve manufacturing industry.
