Code and Pixels Interactive Technologies Private Limited is an E-Learning service provider based in Hyderabad (India). We provide end-to-end E-Learning solutions and specialised in the innovative use of technology.

We strive towards creating exciting and innovative [e-Learning products](#). What differentiates us from competition is our ability to handle unstructured situations with ease, give life to ideas and concepts that have never been implemented previously, and manage large and complex projects without slipping on delivery deadlines; all the while maintaining the highest standards of quality and efficiency.

The reason behind our success is our emphasis on understanding and analyzing the real needs of the client's business and providing solutions that are cost-effective in the long run. Clients come to us because they have heard good things about us from our existing relationships. They recommend Code and Pixels to others for the value addition we provide in the form of ideas and insights.

"Experience and professionalism, the two essential aspects for making a successful content development solutions, are in abundance at CODE and PIXELS"
