At F&R Electrical Contractors in Southern Pines, NC, we pride ourselves on delivering exceptional electrical services to both homes and businesses in the area. Our team of experienced professionals includes licensed electricians who are adept at handling any electrical challenge that comes their way. From new construction wiring to system upgrades and repairs, our residential electricians bring light and power to your living spaces safely and efficiently. For business owners needing a commercial electrician with the know-how for larger-scale projects, we provide reliable solutions tailored to commercial settings. And when unexpected issues arise, our emergency electrician services ensure you're not left in the dark for long. With F&R Electrical Contractors at your service, you can expect quality workmanship carried out with professionalism and attention to detail.
