During Hair Transplant Surgery, our specialized team of doctors and technicians take hair follicle grafts from the back of your head and implant them to the area of baldness or thinning hairs. Our team is proficient in all types of hair transplant treatments, be it Stem cell therapy, PRP treatment, follicular unit transplantation, or follicular unit extraction. You do not need to worry about the surgery when you are visiting the Family Doctors Clinic as we have certified doctors and technically trained assisting staff.

[Hair transplant in Zirakpur](#) gives you a permanent solution for your hair and gives you a natural look. We, at Family Doctors Clinic, are well-experienced in both FUT & FUE hair transplant treatments and give desired results to our patients.
