**Harold** is named by fortitude and braveness. He's founded by Tang who has a son named Harold. His sagacity and creative brain help with the foundation. With over 15 years' experience of working in sanitary and hardware field, he understands what means creation, safety and fashion. **Harold Sanitary** is his 2nd son who builds modern, safe and quality sanitary ware. Harold is founded for elegance and competition.

**Shower enclosure** and **bathroom hardware** are our strong products. Shower enclosure is a peaceful place after hard work in a day. Enjoyable is the essential element. We focus on the designs and never stop developing new models every year. Our tempered glass is certified by CE, SGCC, and Australia standard, and functions are various to meet different countries requirement. Easy clean and installation friendly must be one of the enjoyable elements.

Hardware like pulls, hooks, knobs, shelves, towel bars, towel rings, floor drainers, etc. is one of the most important decorations in bathroom. Hundreds of different designs are not the only one element we dedicated. All aspects including material, machining process, polishing and installation are importance. Our hardware products are mainly made from brass and SUS304 stainless steel material. The finest finish quality reflects product quality for long time use.
