LANDYOUNG provides the highest quality GRP products at the lowest possible prices in the industry. We continually strive to meet your GRP needs saving you time and money, so you can focus on growing your business.

DESCRIPTIONS

LANDYOUNG provides the highest quality GRP products at the lowest possible prices in the industry. We continually strive to meet your GRP needs saving you time and money, so you can focus on growing your business.

[LANDYOUNG GRP fittings](#) are manufactured using three composite raw materials: glass fibre, sand and thermosetting resins. Through an advanced manufacturing process, GRP fittings accord with the required pressure rating, structural strength, stiffness rating, and abrasion resistance.

We offer GRP Fittings in a variety of resins and sizes including

- Coupling
 - Stub Flange
-

- Blind Flange
- Elbow
- Tee
- Reducer
- Y piece
- Square to round
- Cross
- Manway/Manhole

For your convenience, you can also purchase Related Products including: Bolt Set and Gasket to accompany any size Flange, Blind Flange, U-vent and Manway/Manhole; Resin; Catalyst; Fiberglass; and Mylar products.

Application

Power plant, Seawater intake pipeline to plant, internal plant treatment pipelines, Neutralization, Fire water Line etc.

Advantages

- Superior corrosion abrasion resistance(for strong acids and most caustics)
 - High strength capability
 - Pipe spans similar to steel
 - Superior to PVC/CPVC for higher temperatures & longer Spans
 - Better chemical resistance than steel & PVC/CPVC
 - Excellent replacement for steel pipe with non-rust or corroding interior
 - Light weight, 1/4 of steel pipes; 1/10 of concrete pipes
-

- Easy fabrication installation

Product Range

- Diameters: DN15 – DN4000
- Design pressure: 0~4.0 Mpa
- Joint Method: Bell and spigot, Butt and wrap, Flange joint, Expansion coupling joint
- Temperature: Up to 220
