Fuzion Designs is a custom design and build firm based in Mississauga, Ontario. We provide designer interiors and exteriors for residential and commercial customers throughout the Greater Toronto Area, specializing in stylish [kitchens](#), [bathrooms](#), [bedrooms](#), [living rooms](#), office spaces, [basements](#), outdoor living spaces, [decks](#), [banquet](#) halls and much much more.

We have been in the renovation / construction business since 2008 creating interiors that now define an increasing number of properties including new condominium buildings, private residences, office suites, restaurants and more. Our services include conceptual design and schematic design, drawing and preparation, design development, outdoor living space design, material selection and specification, custom millwork design, lighting design and selection, accessories selection and purchasing, artwork selection and purchasing, custom furniture design, tenant improvement design, finish and material selection and specification, and more.
