Gayatri Psyllium Industries is a leading manufacturer and exporter of high-quality psyllium (isabgol) products, based in Unjha, Gujarat, India—the largest market yard for psyllium seeds in the world. With over a decade of experience, the company specializes in processing and supplying psyllium husk, psyllium husk powder, psyllium seeds, and kha-kha powder to both domestic and international markets. **It is a Government recognized** STAR EXPORT HOUSE that meet the highest food safety and quality standards, with certifications including BRC, HACCP, ISO 22000, Kosher, Halal, USFDA, and EU TRACES.

The company operates from a state-of-the-art production facility equipped with advanced sorting, cleaning, grinding, and packaging systems. **Our products** are marketed under the popular brand Eagle Sat-Isabgol, and also offered through private labeling and OEM services. Gayatri's customer base spans over 35 countries, including the USA, UK, Germany, UAE, South Africa, and Australia. The company's mission is to provide 100% natural, non-GMO, gluten-free dietary fiber solutions to meet the health and nutritional needs of modern consumers. Their focus on innovation, consistency, and sustainability has earned them a trusted reputation in the global health food, pharmaceutical, and nutraceutical industries.

We are strategically located in Unjha, Gujarat—Asia's largest hub for agricultural commodities such as psyllium (isabgol), cumin, fennel, and more. This location offers a robust agro-processing ecosystem and excellent connectivity to multiple major sea ports, enabling us to provide a smooth and efficient global supply chain experience.

Why Choose Gayatri Psyllium?

Gayatri Psyllium Industries stands out as a trusted global supplier of premium-quality psyllium (isabgol) products for several key reasons:

- **Global Reputation & Reach**

With exports to over 35+ countries, Gayatri has established itself as a reliable partner for clients across the USA, UK, Germany, UAE, Australia, and beyond.

- **Advanced Manufacturing Facility**

Operating a 50,000 sq. ft. state-of-the-art plant in Unjha, Gujarat, the company uses optical sorters, sterilizers, pulverizers, and automated packing lines to maintain consistent product quality.

- **Global Certifications**

Gayatri is fully certified with BRC, HACCP, ISO 22000, GMP, Kosher, Halal, USFDA, FSSAI, and EU TRACES, ensuring international safety and compliance standards are met.

- **100% Natural & Food-Safe Products**

All products are gluten-free, non-GMO, vegan, and available in organic variants—ideal for modern dietary needs including paleo and keto lifestyles.

- **Flexible Packaging & Private Label Support**

The company offers retail packs (like Eagle Sat-Isabgol), bulk supply, and customized private label services for international clients and wholesalers.

- **In-House Quality Control**

Gayatri maintains fully equipped testing labs to monitor fiber content, microbial safety, and purity at every stage of production.

- **Industry Expertise & Support**

With deep domain knowledge in nutraceutical, pharmaceutical, and food-grade fibers, Gayatri provides end-to-end client support, from sourcing to documentation.

- **On-Time Delivery & Competitive Pricing**

The company prides itself on timely shipments, reliable logistics, and pricing that supports long-term business partnerships.
