Started by a visionary in 2002, GIIS (Global Indian International School) is a part of the famed international chain by the same name. A proud part of this global chain is in the Silicon Valley of India, Bangalore. GIIS Whitefield as the top international school in Bangalore doesn't subscribe to rote learning. Its 'nine-gems' teaching methodology believes in recognizing & appreciating the uniqueness of each student.

Though needless to mention, yet last but not the least, GIIS Whitefield boasts of world-class infrastructure including special emphasis on science as well as social sciences laboratories and a huge collection of digital & traditional learning material in the library.
