Greentec Auto is the world's largest hybrid and electric vehicle (EV) battery company, proudly servicing over 74 different types of hybrid and EV batteries. As the only international company in the industry, with over 30 locations across the U.S. and Canada and a 4.9-star rating, we are committed to keeping hybrid and EV cars on the road for as long as possible. Our mission is rooted in the belief that while a battery may fail, the car still has many lives left. Through our eco-friendly battery replacements, remanufacturing, and recycling initiatives, we champion the circular economy, ensuring sustainable solutions for customers and the planet.
