ICBI is the pioneer in India and the biggest brand in the world in the Image Management and Soft Skills Training space. ICBI offers courses in Image Consulting and Soft Skills training largely leading to self-employment as a certified Image Consultant and/or Soft Skills Trainer. We offer business programs which not only trains the students on a world class curriculum, certifies them in accreditation association with some of the most reputed national and international bodies but it also provides business enablement support for them to successfully start and operate their image consulting and soft skills training business.
