We, at International Plastic and Cosmetic Treatment (IPACT) Aesthetics Center, leave no stone unturned to ensure that medical tourists from different countries get world-class healthcare services related to cosmetic surgery in India. Among our major types of cosmetic surgeries include gynecomastia surgery, rhinoplasty, facelift surgery, liposuction, breast augmentation, and others. No matter what cosmetic treatments you are looking for, look not beyond. We are committed to providing the quality treatments to both women and men.
