Board Certified OB/GYN in Beverly Hills, Los Angeles, CA

Dr. Joseph Roofeh is a board certified OB/GYN providing integrative care for women ages 16 and up at his practice located in Beverly Hills, Los Angeles. His practice emphasizes patient-centered, attentive care, offering a deluxe experience for all women's health needs. Dr. Roofeh makes himself consistently available to patients whenever they have health issues or concerns, ensuring comprehensive support throughout their medical journey.

Education and Training

Dr. Roofeh received his doctorate in medicine from the Israel Institute of Technology. Following this, he completed his medical training at the Detroit Medical Center in Michigan. During his residency, he distinguished himself as one of the top residents in a class of 40 students and was elected academic chief in his final year, where he created lesson plans for standardized tests and surgical curricula for new residents.

Approach to Patient Care

With extensive world travel experience, Dr. Roofeh brings a wealth of knowledge to diverse medical conditions. This background enables him to offer all-encompassing care tailored to each patient's:

- Background
- Medical history
- Lifestyle
- Self-care habits

Dr. Roofeh is multilingual, speaking English, Spanish, and Farsi, which enhances his ability to communicate effectively with a diverse patient population. He strongly encourages active patient participation in care decisions, providing educational packets for:

- Prenatal and pregnancy counseling
-

- Pre- and post-operative care for major surgeries

This educational approach helps patients become more confident in their treatment plans and overall health management.

Specialized Expertise

Dr. Roofeh is highly skilled in da Vinci® robotic surgery, a minimally invasive technique used to effectively treat conditions such as heavy bleeding, ovarian cysts, uterine fibroids, and endometriosis. His extensive experience includes managing complex cases, including high-risk pregnancies and trauma patients.

Services Offered

- Menopause management
- Endometriosis treatment
- Birth control options
- Pregnancy care
- Gynecological services
- Infertility treatment
- Da Vinci robotic surgery
- Urinary incontinence treatment
