Established in 1997, Justsun manufactures durable heavy duty trucks, semi trailers, heavy duty construction equipment, heavy equipment spare parts including fuel transport trucks, semi truck tractors, dump trucks, wing van trucks, garbage trucks, tractor units, forklifts, wheel excavators, road rollers, bulldozers, wheel loaders, Cummins head gaskets, diesel fuel injector nozzles, truck air compressors, air conditioning belts, trailer suspensions. Due to the technical sophistication and outstanding after-sale service, we pride ourselves on the booming market of our heavy duty vehicles in Malaysia.

Justsun Heavy Duty Truck Manufacturer Co., Ltd is a subsidiary company of Justsun Group, a well-known Chinese industrial and trade enterprise. We have established a global sales network and has an annual volume of import and export more than 3 billion dollars.

As one of the best key enterprises manufacturing heavy-duty vehicles in China, our company has developed four major production bases in Xiamen, Jiaozuo, Sanming and Taian. The production base in Hubei province covers an area of 300,000 square meters. Meanwhile, our factory has passed the ISO 9001 certificate, the ISO 14000 certificate and the OHSAS 18000 certificate to make sure the production process are under control.

Justsun, a professional heavy duty vehicle manufacturing enterprise with the independent ability of research and development, is always willing to offer the best vehicle solution to you. To know more about us: <https://www.justsuntrucks.com>
