The [Kuari pass trek](#) is the Doorway. The trek was mapped by the Lord Curzon in the late 1800s and was known by Curzon's trail. Curzon trail. The pass is situated at an elevation of 3876m. The trail traverses Pristine Rhododendron as well as oak and deodar forest , which is covered with thick snow. It is said that the Kuari Pass trek is a very diverse and scenic hike. On this trail, you'll be walking beneath the perfect canopy of trees. It's a collection of meadows and forest. The mountains that comprise Kamet, Dronagiri, Trishul, Bertholi, Hathi Ghodi Parvat, Mana and Neelkanth all stand magnificently. This Kuari passes trek an ideal option for those who are just beginning their journey as well as experienced trekkers. Because the path of the hike isn't difficult, beginners get an opportunity to get to know more about trekking and see the Himalayas. For those who have been trekking for a while, Kuari pass trek is the ideal way to reenergize. Kuari Pass trek's best timing is between December and March when all the trail's trails are covered with snow.
