At the Law Office of Howard D. Popper, PC, we bring more than 25 years of experience to every case we handle, representing clients throughout New Jersey from locations in Morristown and Newton. Attorney Popper is a proud member of the Million Dollar Advocates Forum, a select group of less than one percent of all attorneys nationwide who have obtained million-dollar verdicts or settlements. In a recent lawsuit, we obtained a seven-figure settlement for a Sussex County woman who slipped and fell on ice in front of her rental house.
