At the Lee Law Firm, LLC, we protect the rights of individuals and businesses throughout the state of New Jersey, focusing on Union, Middlesex, Essex, and Passaic counties. Attorney Edward Lee, certified as a Civil Trial Attorney by the New Jersey Supreme Court, brings more than 33 years of experience to every case he handles. Attorney Lee has an “Excellent” rating from Avvo and has been listed among the nation’s top one percent by the National Association of Distinguished Counsel.

We understand that every legal issue is unique, so we’ll take the time to listen and learn the details of your situation. Attorney Lee is a highly experienced trial lawyer, with comprehensive knowledge about how to prepare and present a compelling case to a judge and jury.

We focus our practice on:

1. Personal injury claims — We represent injured people, handling a broad range of cases, including motor vehicle accidents, slip and falls, workplace accidents (including construction accidents), nursing home neglect and abuse, and dog bites and animal attacks.
2. Medical malpractice — We protect the rights of people who have suffered losses because of the carelessness or negligence of medical professionals, including cases involving birth injuries, surgical errors, misdiagnoses, or failure to diagnose and medication errors.
3. Commercial litigation — We represent either side in commercial disputes, including breach of contract, partnership controversies, and complex corporate litigation.
4. Insurance broker malpractice — We handle a wide range of disputes involving allegations of insurance broker impropriety or malpractice, including situations when a broker fails to get a policy, gets the wrong policy, or wrongfully causes a gap in coverage, leading to an uncovered loss.

We offer a free initial consultation to every prospective client. Appointments are available evenings and weekends, if necessary. We have offices in Springfield, Newark, and Bedminster, and we can also come to your home or the hospital for a consultation.
