Legacy Healing Center in Cincinnati, OH offers comprehensive dual diagnosis treatment for individuals facing both mental health challenges and substance use disorders. Our specialized program is designed to treat the whole person—addressing the root causes of addiction while providing expert care for conditions like depression, anxiety, PTSD, and bipolar disorder.

In a safe, structured, and supportive environment, clients receive personalized treatment plans that combine evidence-based therapy, psychiatric support, and holistic healing. Whether you're struggling with co-occurring disorders or seeking a fresh start, Legacy Cincinnati is here to help you rediscover balance, purpose, and lasting recovery.
