Life Planning Services for Attorneys

Comprehensive [Life Planning Services](#) are vital in documenting damages for cases involving catastrophic injuries. These services provide attorneys with the detailed assessments needed to effectively represent their clients and secure appropriate compensation.

We specialize in Life Planning for individuals whose injuries have severely impacted their daily activities. Common cases include:

- Spinal Cord Injuries
- Paraplegia and Quadriplegia
- Severe Brain Injuries (including Brain-Damaged Babies and Cerebral Palsy)
- Reflex Sympathetic Dystrophy (RSD)
- Chronic Pain Syndromes from Back or Neck Injuries
- Amputations
- Severe Loss of Hearing or Vision (Blindness)
- Psychiatric or Psychological Trauma
- AIDS
- Severe Burns

Our services are critical in establishing the full extent of damages, helping attorneys build stronger cases for both Plaintiffs and Defendants. Through expert testimony, detailed reports, and economic impact analyses, our Life Planning Services provide the precision and reliability attorneys rely on.

Required Medical Records and Documentation for Life Care Plans

To prepare a comprehensive [Life Care Plan](#), we require the following documentation:

- **Hospital Records:** Including discharge summaries and operative reports.
 - **Medical Bills:** Itemized statements of costs incurred.
 - **Physician Reports:** From treating and examining physicians.
 - **Work Records:** Employment history and related details.
-

- **Wage Information:** Such as W-2 statements or Income Tax Returns.

Providing these records ensures our evaluations are thorough, accurate, and tailored to your client's needs.

Preparing a Life Care Plan Report for Attorneys

The preparation process is meticulous and designed to deliver litigation-ready reports:

1. **Initial Evaluation Interview:** Approximately three hours to gather necessary information and assess the client's needs.
2. **Comprehensive Research and Report Creation:** This process involves 30-50 hours of work and typically takes 8-10 weeks to complete.
3. **Expedited Reports Available:** In urgent situations, we can deliver a complete report within your time frame without compromising quality.

Why Partner with OAS?

OAS is your trusted partner in preparing Life Care Plans for clients with catastrophic injuries. We handle the complex research, provide detailed data, and deliver critical insights that your law firm needs to support your case.

Since 1973, [Occupational Assessment Services](#) has been a leader in Life Care Plans and Vocational Evaluation Services. With decades of experience and a proven track record, OAS is the trusted resource attorneys rely on for their most serious cases.
