We offer a variety of services in business [loss prevention](#) including; risk assessment, site surveys, operational auditing and developing customized programs for your company or organization. We have the knowledge and experience to know where inventory shrinkage can occur and which loss prevention-related strategies work and don't work within an environment. Red Star evaluates and makes recommendations regarding highly technical and complex issues as they relate to organizational structure, labour allocations, productivity, in-house security programs, equipment investments, and more.

[Red Star Security](#)'s experienced professionals work closely with our clients to combat the most prevalent crimes of shoplifting and internal theft, and we can also offer advice on preventative merchandising and displays. We can provide in-store security personnel, including "undercover shoppers". Finally, we can assist with a wide range of electronic surveillance solutions.

Our retail guards are trained and undertake duties that include; theft deterrence, stock checks, in-store promotions, delivery of goods, loss prevention and most importantly maintaining your premises in a professional manner, with a professional image. We ensure our retail guards work as part of your team, and we encourage your managers to conduct a basic interview to make sure they feel that the officer will fit within their environment.
