Do you know what is a spice?

A spice is a substance that can be smelled or tasted by the sense of smell. It can be a "single substance" or a "mixture". Fragrances can be divided into two categories. Depending on the method of preparation or the raw material, they can be divided into "natural spices" and "synthetic spices".

Do you know how to make freeze-dried spices?

Freeze-drying. [Freeze drying](#) differs from dehydration in that freeze drying preserves the nutrients and flavour of the food. [Freeze-drying spices](#) retains the original flavour and nutrition in the spices and prolongs the shelf life of the spices, allowing you to have fresh and nutritious spices at all times.

Huitong Food is a freeze dried spices manufacturer. As a freeze-dried spices supplier, Linshu Huitong Food Co., Ltd. is a professional manufacturer of freeze-dried vegetables and fruits with self-supporting import and export rights. The company which has more than 300 employees and a research and development team of more than 60 technical professors, covers an area of over 70,000 square meters and has total assets of over 100 million RMB.
