Hailing from Jaipur... the land of Kings, Rohit Kamra has brought Regalia from museums to men's wardrobe. The inspiration originates from Indian cultural heritage, epitomizing the true characteristics of blue blood. The metro-sexual look blended with aristocratic sensibility is the designer's forte. In few words wearing the Label means experiencing a "Modern Maharaja" within. Rohit has reinvented the look of classic silhouettes and has given a new avatar to [Jodhpuri Jackets](#) and Breeches. The signature style is established by the amalgamation of International Trends, Victorian Traditions and Indian Royalty. Handmade Jeweled Buttons, Brooches, Cuff Links made of precious stones like rubies, emeralds and semi precious stones are a collectors delight, more than often used for ceremonial and formal occasions. Designer muse Irrfan Khan received the National Award in elegant Carbon [Jodhpuri Suit](#) at the recently held award ceremony. .
