The [tent mesh fabric](#) is made of 100% polyester mesh fabric, which is very durable for outdoor and harsh environmental conditions applications.

Product Description

100% Polyester Mesh Fabric for Tent Mesh Fabric

100% [polyester mosquito mesh fabric](#) is used for roman tents, it can help you avoid mosquito infestation.

What is Tent Mesh Fabric Made of?

At Qicai knitting, our tent mesh fabric is typically made from 100% polyester mesh fabric. polyester is one of the most commonly used fibers in mesh fabric manufacturing. The resulting fibers are then stretched and oriented together to form a strong yarn that naturally repels water, resists dyeing and UV degradation, and stands up to frequent use for a wide range of uses.

Advantages of Tent Mesh Fabric

Using polyester silk as a raw material increases the strength of the tent mesh fabric.

Super breaking strength makes it durable.

High color fastness makes it hard to fade.

Favorable's airiness can increase your comfortable feeling.

Polyester mesh fabrics are highly elastic and have an inherent resistance to damage and degradation caused by acidic and alkaline chemicals, corrosion, flame, heat, light, mold and mildew, and abrasion.

The polyester exhibits good elasticity, which allows the material to return to its original shape after stretching by up to 5-6%.

In conclusion, these properties make polyester mesh fabric for tent mesh fabric tents and Roman tents, ideal for outdoor and harsh environmental conditions applications.

Specification of Tent Mesh Fabric

Name	100%polyester mesh fabric for tent mesh
Material	100%polyester
Weight	20-50gsm
Width	1-2.8m

Colorfastness 4~5 grades

Color customized color

Feature elastic fabric

Style printing dyeing

Knitted type warp knitting

MOQ 1000m

Supply type make to order

Usage suitable for home textile, tent mesh fabric, mosquito, window screening

Sample A4 size sample for free

Delivery time 20 days

Port Tianjin, Qingdao

Advantage High-quality

Package type 1. roll packing with paper tube inside, plastic bag outside
2. roll packing with paper tube inside, plastic bag, and woven bag outside
3. according to the customer's requirement to pack the cargo

Lead time:

Quantity(meters) <1000 >1000

days	15	To be negotiated
