[Northwest Family Law](#) is a family and divorce law firm committed to guiding individuals through some of life's most difficult transitions. We know how overwhelming it can be to face divorce, custody decisions, or major financial changes—and we're here to walk beside you with clarity, compassion, and steady support.

In Washington State, more than 24,000 divorces are filed each year, according to the Washington State Department of Health. Behind each of those cases is a deeply personal story—and we're here to help make yours one of strength, clarity, and progress.

Our team handles a wide range of family law matters, from parenting plans and child support to complex property division and divorces involving tech industry compensation like stock options and retirement accounts. Nearly half of these divorces involve children, according to the same Department of Health report, which adds another layer of complexity and care. We understand the emotional weight and practical challenges involved, and we work hard to make the process feel manageable and empowering.

Conveniently situated near Overlake Medical Center and Bridle Trails State Park, our [Bellevue office](#) offers easy access for clients across the Eastside—whether you're seeking a discreet, calm space during a stressful time, or simply navigating your day between appointments.

What makes us different is how deeply we listen and how much we care. Clients often tell us they felt heard, understood, and truly supported—something they didn't find elsewhere. We approach every case with a long-term view, helping people not just resolve conflict, but rebuild stability, confidence, and peace of mind.

Let us help you take the next step—on your terms, with clarity and compassion.
