Now Pest Control offers comprehensive pest control and termite treatment services across Sydney, catering to both residential and commercial clients. This family-owned business brings over 10 years of experience in safely and efficiently handling a range of pest issues, from cockroaches and spiders to termites and rats. The team is fully licensed, insured, and committed to using pet- and family-friendly methods to remove pests while safeguarding your property.

Whether it's a home or business, Now Pest Control understands the importance of keeping spaces pest-free to maintain health and safety. They provide customized pest management solutions for various industries, including hospitality, food processing, and healthcare, ensuring compliance with local safety regulations. They also conduct detailed pest inspections, complete with reports and recommendations, to prevent future infestations.

For those in need of urgent services, Now Pest Control offers same-day appointments throughout Sydney, including the Inner West, Northern Beaches, and Sutherland Shire. They provide fast, free quotes, and their team is known for reliability, thoroughness, and excellent customer service. Reach out via phone or email to discuss your specific pest control needs and get a tailored solution.
