A school is an educational institution designed to provide learning spaces and a learning environment for the teaching of students under the direction of teachers. It is the best platform to modify behavior and gain knowledge. **NSN Schools** appoint teachers who are mastery of the content knowledge so the students learn skillfully. We motivate the best efforts of the teachers and students by reinforcement. We make to feel school is a happy home for students for affluent learning. It is one of the top schools in Chennai because our education style is unique. However, education is a part of life, but there is nothing without education.
