With 5000+ Artificial Grass installations throughout Vancouver, Calgary and Edmonton and experience in 1500+ golf greens, Precision Greens custom designs each project to work within the natural landscape ensuring an exceptional result. We have been Western Canada's leading artificial grass installer since 1999, and are the benchmark for quality Synthetic Turf Golf Greens and Artificial Grass Lawns in Canada. Our Artificial Grass is pet and family-safe, completely hypoallergenic, low-maintenance, and is a one-time purchase that can last decades. Reduce the amount of allergens on your property by having synthetic turf installed. Call now for your free, no-obligation estimate and get the insight you need before purchasing your synthetic lawn.
