[RajBet](#) is a new online casino launched in 2021 and targeted the Indian market. It is owned and maintained by Win Sector NV, the same firm that runs CryptoVegas, which we previously evaluated. The platform provides excellent gambling options, including slots, virtual and real table games, sports betting, and Esports betting. Players can select from various exciting deals with high winning potential based on their game preferences.

A Variety of Welcome Bonuses

RajBet greets its new users with numerous welcome bonuses upon the initial deposit, depending on what games you like playing.

The first is only available on slots and will give you a 100% match up to \$25,000 plus 50 free spins if you deposit at least \$1,000. You must bet the bonus 40 times to meet the conditions and the spins winnings 20 times.

Another alternative for live and table games involves a qualifying deposit of 1000 and will match it with 100% up to \$50000. It carries play-through requirements of 20 times.

For a minimum deposit of \$500, you will receive a 300% bonus of up to \$25,000 plus 50 free spins. You can use it for all casino games, but please be advised that not all of them contribute 100% to the wagering requirements. This bonus must be rolled over 60 times, and the earnings from the spins 20 times. The highest amount of winnings you can withdraw is \$75,000 from it.

The other promotions available when writing is "Get 1000 for registration", a 150% Live VIP offer, and a "5000 FUN" bonus.

RajBet has its own FUN money that is associated with the loyalty program. We must confess that the regulations are a bit perplexing initially, but at least they have tried to think beyond the box.

Choosing a Game

RajBet offers hundreds of video, jackpot, and Megaways slots, including 3 Devils Pinball, Smugglers Cove, Coils of Cash, Gator Gold Gigablox, Narcos, Big Cat King Megaways, Royal Mint Megaways, Tyrant King Megaways, and many more.

European or American Roulette, Jacks or Better, Hi-Lo Switch, the Caribbean or Oasis Poker, Casino Hold'Em, Pontoon, Sic Bo, Craps, Double Exposure or Multihand Blackjack, Baccarat, Dream Catcher, Crazy Time, Andar Bahar, Teen Patti, and others are also supported in video and live format.

You can also play Bingo, Keno, and Scratch Cards.

In the sportsbook section, you can place bets on major and minor events in over 20 sports, including cricket, football, tennis, basketball, boxing, and many more. Aside from these, you can wager on computer game competitions like Counter-Strike, Dota2, League of Legends, or virtual sports like Football, Tennis, or Baseball.

Withdrawals and deposits

RajBet Casino supports various payment methods for transferring funds, including UPI, PayTM, NetBanking, and PhonePe.

The casino provides a very handy "How to Make a Deposit" website that explains the deposit process in depth and how to use Netbanking or UPI.

The minimum deposit and withdrawal limitations of \$500 and \$1,000, respectively, are more than adequate. You can withdraw up to \$200,000 per day, \$1,400,000 per week, and \$6,000,000 per month. The needed deposit turnover before a withdrawal marginally violates usual Anti-Money Laundering

standards since it is three times the amount required by most casinos, which is more than adequate.

Licensing and security

Win Sector NV owns and operates [RajBet Casino](#), licensed and controlled by the Curacao gaming authority. We want to emphasize the importance of proper licensing, as it will protect you from all types of customer rights abuses. At the same time, the authorities do not expand on any potential problems with Curacao licensees. You will never have such an experience if you play at a casino authorized by the UK Gambling Commission or the Malta Gaming Authority, as they have an impeccable record for client protection.
