Red Baton Design Studio is undoubtedly the most sought-after [UI UX Design Company](#) in India. Based out in Bangalore, they stepped into the field of UI UX 7 years back in 2015 when this term was still fairly new in the market. This app design company truly believes in creating and building human experiences through their well-thought-out app designs. Hence, they have won many prestigious awards, which includes indigo awards, Paris Design Awards, India's Best Design Awards, GT Awards and their vast clientele speaks for itself.
