[Red Star retail security](#) services provides protective services and loss prevention for retailers large and small. The steady rise of online shopping alternatives has forced a significant emphasis on the guest experience for brick and mortar retail locations globally. This translate into an increased focus on both a safe and secure shopping environment. Over the years, Red Star has expanded its presence in the retail industry by providing teams of dedicated, well-trained staff that respond to our clients' priority needs.

Our [retail security](#) officers act as property ambassadors by being visible, open and accessible to assist the public – providing directions to their favourite store or reuniting separated family members.
