Shijiazhuang Industrial Pump Factory Co., Ltd (short name is SGB) is a state-owned large-scale **industrial pump manufacturing** enterprise integrating R&D, design, manufacture, marketing and service. It has more than 1100 employees and belongs to Jizhong Energy Group - one of the World's Top 500 Companies. With more than 70 years history of machinery along with over 30 years experience in industrial pumps, SGB has a very high market share in China and it is also the leader **slurry pump manufacturer** in China.

After many years' development, **SGB** now occupies 20,000 square meters site area, 800 large and medium equipment and over 200 sophisticated equipment such as CNC, Director-reading Spectrometer, CMM (Coordinate Measuring Machine), Rapid-typing Machine and large hydraulic test station, etc. Based on these facilities, SGB has the abilities of material inspection, casting, welding, machining, assembling and the performance test of pump unit. In 2014 and 2016, SGB built advanced Lost Foam Process and V-process casting production lines respectively, and the casting capacity increasing from 8000 tons/year to 12000 tons/year, and the maximum casting capacity of a single piece is 20 tons.

In response to market demand, SGB has developed **slurry pump**, **desulfurization pump**, marine pump, chemical pump, multi-stage pump, wear-resistant double suction pump and other products, with more than 350 specifications and models. Besides, we can customize accessories and spare parts according to the drawings from customer. We own the intellectual property rights of all our products.
