Southern Asphalt Engineering Inc. is a licensed and insured engineering contracting firm serving Miami-Dade & Broward counties. We specialize in complete asphalt roadway and parking lot pavement restoration and maintenance services across residential, commercial, and municipal sectors. Our management team brings together a team of individuals with over 50 years of experience in our field of work. In providing comprehensive services, customers can avoid dealing with multiple contractors causing added expenses and a delay in the completion of their projects. We strive to exceed our customers' expectations from start to finish and have delivered excellence for more than 20 years to become one of the top-rated asphalt companies in Miami.
