Welcome to [Southern Smiles Family and Cosmetic Dentistry](#)

You deserve a beautiful, healthy smile. To help you make the most of your smile, Dr. Krempa along with his highly trained staff, provide gentle dentistry using state of the art technology for patients of all ages with a focus on a full range of preventive, cosmetic, and restorative care. We believe that preventative care and good oral hygiene is the foundation of good oral health, which is why we offer routine examinations, cleanings, periodontal care, fluoride treatments, sealants, and oral cancer screenings. We also perform root canal therapy, extractions, tooth replacement, crowns, bridges, treatment of TMJ, dental implants, and whitening.

We provide emergency dental care for children and adults who are experiencing toothaches. To provide solutions to your dental care needs all in one convenient location, new patients are welcome and a doctor is always on call-24 hours a day, 7 days a week.

If you are searching for an experienced dentist who can deliver the results you want in an office you enjoy visiting, contact our office to make an appointment with Dr. Krempa today.

We are committed to ensuring that every visit with us is a pleasant one, and we will consistently deliver the individualized attention that you deserve.

We look forward to meeting you soon.
