Shree Venkatesh Wires and Steels Pvt Limited takes pride in being a premier manufacturer and supplier of Duplex Steel S31803 Sheets and Plates worldwide, dedicated to ensuring customer satisfaction through superior product quality. Adhering to both national and international standards, we offer a diverse range of products in various shapes and sizes, tailored to meet the specific needs of our valued customers. Our commitment to excellence is reflected in our stringent delivery and service policies. Renowned for their exceptional resistance to general corrosion, pitting, and crevice corrosion, Duplex Steel S31803 Sheets and Plates also exhibit remarkable strength, approximately twice that of austenitic stainless steel. Widely utilized in the oil and gas industries for applications such as pipes, pumps, and valves, these products boast resistance to sulfide chloride and stress corrosion environments.
