Sri Venkateswara College of Technology(SVCT) was established in 1995 by Govindasamy Naidu Educational Trust to make quality engineers. The progress made by our country in the field of science and technology has delivered a phenomenal demand for qualified engineers. In the market, There has been a wave in institutions offering engineering education. Every aspect of the college has been designed to achieve the objectives in terms of excellent academic standards and goals of the management. The colleges are approved by the All India Council for Technical Education (AICTE) and recognized by the Government of Tamilnadu. As one of the leading **engineering colleges in Chennai**, SVCT helps you empower, enhance and explore your professional career. Contact our team to know more.
