Techcanvass is an IT certifications training organization for professionals. We offer internationally recognized certifications in the fields of project management, business analysis and automation testing. Being authorized training centres for IIBA, iSQI and Agile Testing alliance, we are authorized to conduct the certification courses like CBAP, ECBA, CCBA, CABA, CP-SAT etc.

Our mission is to enable our course participants to clear the certifications' examination in the very first attempt. To make this happen, we have gone beyond just delivering lectures, we offer study guides, case studies, question banks and all the resources needed to make the preparation easy, efficient and purposeful.
