Three Rivers Oral and Maxillofacial Surgery is dedicated to helping patients achieve their best oral health using state-of-the-art technology 3D iCAT, Digital PAN, Digital Intraoral PA and dental labs. We specialize in wisdom teeth extractions, dental implants, full mouth dental extractions, total oral rehabilitation all on 4 or 6 implants in each arch for fixed hybrid dentures with IV sedation/ General Anesthesia. We are taking all the COVID-19 precautions daily in our office; by implementing different modalities. Dr. Mohammed Khan and his team are committed to offering maximum comfort in collaboration with the local general dentists. When you come in for a consultation, we will take an appropriate x-ray and determine how best to treat you.
