

Vacuum heat treatment furnace manufacturers

Address	70-71, III Phase, Peenya Industrial Area
Contact Person	Somasundaran
Mobile Number	9243112371
Email	mail@therelek.com

Therelek Engineers Private Limited manufacturers a qualitative range of Fully Automatic Vacuum Furnaces in India. Thereleks' vacuum furnace are engineered for high-temperature laboratory treatment and industrial heat treatment applications like hardening, tempering, annealing, brazing, sintering, hot pressing, and stress relieving. From aerospace to space research laboratories, metal industries to gas turbine industries our vacuum furnace meets most demanding needs. Our Vacuum furnaces are top-loading vacuum furnace, bottom loading vacuum furnace, horizontal front loading vacuum furnace is designed for unique needs. The standard unit of vacuum furnace is manufactured with maximum temperature from 800°C to 2200°C. We offer a fully automated vacuum furnace to ensures an excellent level of temperature accuracy and reliability.
