Welcome to **The Ashford Arms**. We pride ourselves on really good food without the fuss and are passionate about supporting local farmers, brewers and producers. We love to play host with our signature service which is spot on, every time.

We've won loads of awards (which is nice) but the thing that underpins everything we do is that we care about you. Whether you're a valued customer, one of our partner suppliers working hard to deliver fresh produce around the Peak District or our much-loved and appreciated team members, it's all about you. Not us.
